Activity Tracking Log

The goal of Partners in Policymaking is to enhance participant’s advocacy, capacity building, and systems change efforts. Each session we will be asking you about specific activities you have done to improve the lives of people with disabilities in your community since our last session. Please keep a log of your activity. Activities may fall under one of these three categories:

Advocacy: Telling others about issues, needs, and possible solutions

Capacity Building: Helping communities and other groups build their capacity and expand their resources

Systems Change: Changing the way government programs, state agencies, and other organization do business every day to improve support for people with disabilities.

What activities have you engaged in to increase awareness or make changes in the disability community?
